which can be cured by a timely resort to this stands and preparation, as has been proved by the hundreds of tostimonials received by the proprietors. It is acknowledged by many prominent physicians—to be the most reliable preparation ever introduced for the relief and cme of all Lung complaints, and is offered to the public, sanctioned by the experience in over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Indicenza, Adduns, Golds, Sore, Throat, Pains or Soreness in the Cheest and Side, Liver Complaint, Beeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it toosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
